

Peasmarsh Place Newsletter

We would like to remind families and friends that we still require masks to be worn when visiting the home. Please contact the home to let us know when you will be visiting.

The residents had a wonderful time over the Platinum Jubilee weekend.

We marked the occasion with friends and families joining us for tea and cake followed by the planting of a Yellow Magnolia Tree, the first of its kind in our collection here at Peasmarsh Place.

Residents also enjoyed watching the festivities on the television in the lounge.

It was great to see so many attend our Jubilee celebrations. Staff also enjoyed this, see photo above – I'm on the right!

We welcome a new member of our team – Wendy.

With the warmer weather finally here, please remember residents can use the outside wheelchair when relatives visit. Just let a member of staff know when you book your visit.

Julie Harper

Registered Manager

Our local Church held their annual flower festival at the beginning of the month. It was such a pleasure to take

the residents who wished to go along to see all the beautiful displays, they also had a cup of tea and were able to create their own mini displays.

The residents of Peasmarsh Place also put together a display as part of the flower festival.

Robin and Bill both celebrated their Birthdays! We wish them many Happy Returns
