We would like to introduce you to our Occupational Therapy students Carys and Jane from Brighton University. They are here on a 7 week placement to work with and support our residents while also working on their projects as part of their Master's Degree. If you see them around please say hello and introduce yourselves.

It's been great to see some of the residents still spending time outside either on the terrace or exploring the grounds using the motorized wheelchair.

Sue organized a baking activity this month. Residents appeared to enjoy getting involved to bake scones.

We have also had some more relaxed activities happening. Doreen has had great fun completing a puzzle in the drawing room.

Margaret celebrated her birthday with us this month.

We wish her many happy returns 😊
